### LEE COUNTY POLICIES

The Lee County Commissioners Court adopted the following policies for officials and department heads. This will allow the officials to have guidelines regarding Lee County's Policies.

#### I FINANCIAL POLICY (Commissioners' Court Approved August 14, 2023)

Please see Section IV

#### II MEAL EXPENSE

Per the Lee County Personnel Policy, employees will receive Per Diem in the amount of \$35.00 per day (\$26.50 for travel days) for overnight stays for county related travel expenses. For Non-overnight travel, employees will receive \$15.00 for meals.

### III CREDIT CARD USE (Commissioners' Court Approved August 14, 2023) (Amended May 13, 2024)

#### Treasurer's Office Credit Card

The Lee County Treasurer has a credit card that may be checked out at the County Treasurer's office. All transactions must be pre-authorized in writing by the Lee County Treasurer's Office. Use of the credit card is limited to emergencies or lodging for conferences/training. All transactions other than lodging are subject to special permission by the Lee County Treasurer. Any person that makes an unauthorized transaction may have their credit card use privilege revoked by the Treasurer. All purchasing rules apply to credit card purchases. (Local Government Code Sec. 262)

All receipts for purchases made on the credit card must be given to the County Treasurer's Office within 24 hours of transaction or 10 days if being used for traveling purposes. The Lee County Treasurer's office will only make payments supported by itemized receipts. Any person that does not turn in itemized receipts will be subject to paying the late fees or research fees charged by the credit card company that result from the unpaid balance portions.

Credit card transactions used for personal purposes are not authorized and are prohibited.

The Treasurer's office is limited to six credit cards.

#### Sheriff's Office Credit Card

The Lee County Sheriff has a credit card that may be used by the Sheriff's office. All transactions must be pre-authorized by the County Sheriff or the Chief Deputy. All transactions are subject to special permission by the Lee County Sheriff. Any person that makes an unauthorized transaction may have their credit card use privilege revoked by the Sheriff. All purchasing rules apply to credit card purchases. (Local Government Code Sec. 262)

All receipts for purchases made on the credit card must be given to the County Sheriff or designee within 24 hours of transaction or 10 days if being used for traveling purposes. The monthly credit statement and supporting receipts shall be timely submitted to the Treasurer's office so that payment can be approved during the first Commissioners' Court of the month. The Lee County Treasurer's office will only make payments supported by itemized receipts. Any person that does not turn in itemized receipts will be subject to paying the late fees or research fees charged by the credit card company that result from the unpaid balance portions.

Credit card transactions used for personal purposes are not authorized and are prohibited.

The Sheriff's office is limited to three credit cards.

#### County Judge's Office Credit Card

The Lee County Judge has a credit card that may be used by the Judge's office. All transactions must be pre-authorized by the County Judge. All transactions are subject to special permission by the Lee County Judge. Any person that makes an unauthorized transaction may have their credit card use privilege revoked by the Judge. All purchasing rules apply to credit card purchases. (Local Government Code Sec. 262)

All receipts for purchases made on the credit card must be given to the County Judge or designee within 24 hours of transaction or 10 days if being used for traveling purposes. The monthly credit statement and supporting receipts shall be timely submitted to the Treasurer's office so that payment can be approved during the first Commissioners' Court of the month. The Lee County Treasurer's office will only make payments supported by itemized receipts. Any person that does not turn in itemized receipts will be subject to paying the late fees or research fees charged by the credit card company that result from the unpaid balance portions.

Credit card transactions used for personal purposes are not authorized and are prohibited.

The Judge's office is limited to two credit cards.

#### IV PURCHASE ORDER PROCEDURES AND POLICY

When approving this budget, the Lee County Commissioners' Court adopts the following purchasing policies:

- 1. All purchasing scenarios require that affected line items do in fact have sufficient funds to cover the desired purchase.
- 2. If needed, line item transfers must be done prior to purchase and submitting the purchase order
- 3. Purchases of \$50,000.00 and above (for all departments in one budget year from one vendor) must go through the advertising process requesting sealed bids after submitting the initial purchase order form unless purchased through a cooperative that has already done the bidding.

### **Exemptions from the purchase order process:**

- 1. All food, medical care and medical supplies for the jail.
- 2. All labor, service, repair items, and intangibles.

### LEE COUNTY INDEBTEDNESS STATEMENT

The following are outstanding notes, bonds and/or loans that were outstanding as shown below:

Due to: Wilmington Trust, Dallas, Texas For: Lee County Law Enforcement Center

Lee County, Texas General Obligation Refunding Bonds, Series 2015

Department: Interest & Sinking Fund Original Amount: \$7,375,000.00 Original Date: April 14, 2015

September 30, 2024 Balance: \$2,040,000.00

The above figures are all of the loans, bonds, notes, or other such encumbrances of Lee County, Texas at the time this budget was filed with the County Clerk. The above does not take into consideration lease/purchase agreements for automobiles, equipment, computer contracts, or any other financial contract that the county may be responsible for paying.

### FINANCIAL SECTION

Lee County's budget and financial policies serve as a basis for overall fiscal management of the county's resources. These policies are designed to guide elected officials and department heads in controlling and maintaining fiscal stability. Goals and objectives are incorporated into policy statements. Policies will be re-evaluated as needed to provide the necessary structure for achieving these goals.

### Budget, Accounting, Auditing, and Financial Planning Strategies

- 1. A comprehensive budget will be prepared on an annual basis covering all proposed expenditures for the succeeding fiscal year. This policy is in accordance with Local Government Code 111.003 and provides the governing body and the general public with the necessary financial information for considering the overall financial aspects of the county.
- 2. The annual budget document will be prepared in a manner understandable to the general public and the governing body. The objective of this policy is to provide a more informative and comprehensive budget document consisting of financial data, policy statements, and pertinent issues that affect the decisions being made.
- 3. The annual external audit is important for accounting, bond issue and grant requirements. Lee County Commissioners' Court has appropriated necessary funds to provide for an annual external audit.
- 4. A system of internal controls shall be maintained to monitor revenues and expenditures on a continual basis. A monthly budget and cash balance statement is prepared and distributed.

- 5. Investments shall be maintained in accordance with Lee County Investment Policy. The portfolio shall achieve sufficient liquidity as to meet the county's obligations as they become due.
- 6. Fixed assets shall be safeguarded by properly tagging, recording and classifying the asset. An inventory of assets is to be maintained which includes the description, date of acquisition, cost, location and inventory tag number. Periodic inspections of inventory shall be conducted. Capitalization criteria for fixed assets is a minimum cost of \$5,000.00 and a useful life of two years or more.

#### **Capital Improvement Projects**

7. Capital projects should be developed to demonstrate the need for the project and the short and long-term effects on the community. Capital projects shall be developed to include the impact of implementation on future annual operating budgets. Project plans should also include estimates of future revenues that may be included.

### **Debt Management**

8. Prior to the issuance of any debt (certificates of obligation, general obligation, tax anticipation notes or lease purchase agreements), consideration shall be given to the tax rate requirements for the new debt and the overall county debt. The finance period for capital projects through the issuance of bonds shall not exceed the useful life of the asset.

### GOVERNMENT FUNDS OVERVIEW

#### **General Fund**

(Fund 1000 and 1001)

The general fund is the general operating fund of the county. The general operating fund accounts for all resources not required to be accounted for in other funds. This fund provides for the general government or daily operations for the county. The primary sources of revenue in the general fund are ad valorem taxes.

### Road & Bridge Funds

(Funds 1501-1514)

Special Road Tax funds are received from ad valorem taxes (\$.1084 per \$100 valuation). In addition to the Special Road Tax, state funding, auto registration and interest must be used only for maintenance, construction, repair of roads and bridges and associated costs (such as labor, supplies, etc.) in Lee County. The Road & Bridge Funds also receive a portion of the General Fund ad valorem taxes and fines to be spent on roads and bridges.

#### **Dedicated Funds**

(Fund 2810-2891)

Funds specifically required to account for revenues and expenditures restricted for specific purposes. Dedicated funds include:

Law Enforcement Education, Vehicle Inventory Tax, Donations for special projects, JP Technology and Judicial Efficiency (TP), Courthouse Security Fund and other funds as specified by law.

#### **Debt Service Funds**

(Fund 6000)

The debt service fund is used to account for the payment of principal and interest on general long-term debt. Primary sources of revenue include ad valorem taxes and interest income.

### **Capital Projects Funds**

(Fund 7000)

Funds specifically designed to account for the acquisition or construction of major capital facilities and major capital improvements.

#### **Agency Funds**

(Fund 8800 and 8900)

Agency funds contain resources held by the County in a custodial capacity for individuals, private organizations and other governments.

#### **Special Revenue Funds**

Funds specifically to account for revenues and expenditures that require (1) special funding; (2) are required by law; and/or (3) accounting requirements. These funds include:

(Fund 1002)-Child Safety Fund

(Fund 1003)-JV Delinquent Prevention Fund

### 2024 Tax Rate Calculation Worksheet Taxing Units Other Than School Districts or Water Districts

Taxing Unit Name	Phone (area code and number)
Taxing Unit's Address, City, State, ZIP Code	Taxing Unit's Website Address

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts or Comptroller Form 50-860 Developed Water District Voter-Approval Tax Rate Worksheet.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

#### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	<b>Prior year total taxable value.</b> Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). <sup>1</sup>	\$
2.	<b>Prior year tax ceilings.</b> Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. <sup>2</sup>	\$

9.	<b>Prior year taxable value of property in territory the taxing unit deannexed after Jan. 1, 2024.</b> Enter the prior year value of property in deannexed territory. <sup>5</sup>	\$
10.	Prior year taxable value lost because property first qualified for an exemption in the current year. If the taxing unit increased an original exemption, use the difference between the original exempted amount and the increased exempted amount. Do not include value lost due to freeport, goods-in-transit, temporary disaster exemptions. Note that lowering the amount or percentage of an existing exemption in the current year does not create a new exemption or reduce taxable value.  A. Absolute exemptions. Use prior year market value:   \$  B. Partial exemptions. Current year exemption amount or current year percentage exemption times prior year value:   + \$  C. Value loss. Add A and B. 6	
11.	Prior year taxable value lost because property first qualified for agricultural appraisal (1-d or 1-d-1), timber appraisal, recreational/scenic appraisal or public access airport special appraisal in the current year. Use only properties that qualified for the first time in the current year; do not use properties that qualified in the prior year.  A. Prior year market value: \$  B. 19.	Total value of properties under protest or not included on certified appraisal roll. 13	
	A. Current year taxable value of properties under protest. The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. For each of the properties under protest, use the lowest of these values. Enter the total value under protest. 14	
	B. Current year value of properties not under protest or included on certified appraisal roll. The chief appraiser gives taxing units a list of those taxable properties that the chief appraiser knows about but are not included in the appraisal roll certification. These properties also are not on the list of properties that are still under protest. On this list of properties, the chief appraiser includes the market value, appraised value and exemptions for the preceding year and a reasonable estimate of the market value, appraised value and exemptions for the current year. Use the lower market, appraised or taxable value (as appropriate). Enter the total value of property not on the certified roll. 15	
	C. Total value under protest or not certified. Add A and B.	\$
20.	<b>Current year tax ceilings.</b> Counties, cities and junior colleges enter current year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in the prior year or a previous year for homeowners age 65 or older or disabled, use this step. 16	\$

22.	Total current year taxable value of properties in territory annexed after Jan. 1, of the prior year. Include both real and personal property. Enter the current year value of property in territory annexed. 18	\$
23.	<b>Total current year taxable value of new improvements and new personal property located in new improvements.</b> New means the item was not on the appraisal roll in the prior year. An improvement is a building, structure, fixture or fence erected on or affixed to land. New additions to existing improvements may be included if the appraised value can be determined. New personal property in a new improvement must have been brought into the taxing unit after Jan. 1, of the prior year and be located in a new improvement. New improvements <b>do</b> include property on which a tax abatement agreement has expired for the current year. <sup>19</sup>	\$
24.	<b>Total adjustments to the current year taxable value.</b> Add Lines 22 and 23.	\$
25.	Adjusted current year taxable value. Subtract Line 24 from Line 21.	\$
26.	Current year NNR tax rate. Divide Line 17 by Line 25 and multiply by \$100. 20	\$/\$100
27.	<b>COUNTIES ONLY.</b> Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. <sup>21</sup>	\$/\$100

#### **SECTION 2: Voter-Approval Tax Rate**

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate: The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

#### SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

#### SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

#### SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value. 39 The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value. 40 In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the portion of the unused increment rate that was used must be backed out of the calculation for that year.

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042; 41
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a); 42 or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval. 43

Individual components can be negative, but the overall rate will be the greater of zero or the calculated rate.

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit. 44

#### SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>48</sup>

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year. 49

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts or Comptroller Form 50-860 Developed Water District Voter-Approval Tax Rate Worksheet.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

#### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

#### **SECTION 2: Voter-Approval Tax Rate**

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- 1. **Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- 2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

#### SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

#### SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

#### SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value. <sup>39</sup> The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value. <sup>40</sup> In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the portion of the unused increment rate that was used must be backed out of the calculation for that year.

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042; 41
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a); 42 or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval. 43

Individual components can be negative, but the overall rate will be the greater of zero or the calculated rate.

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit. 44

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit. 45

#### SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>48</sup>

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year. 49

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

### Statement of Financial Goals and Policies

### Lee County, Texas

#### **ORGANIZATIONAL GOAL STATEMENT**

The overall financial and service goals of Lee County are to provide the full range of statutorily required services to its citizens while maintaining the lowest prudent property tax rate. The County continually intends to expand non-tax revenues to allow for budgetary growth as dictated both by the growth in the County's population and the growth in the demand for the County's services. The County will ensure that budgetary growth is balanced by increases in demand for services. Lee County will provide for expansion and renewal of its infrastructure through the use of long-term debt when it is considered appropriate and fiscally responsible.

#### **GENERAL POLICIES**

The County operates on a fiscal year which begins on October 1st and ends on September 30th.

The County will conduct its financial affairs in conformity with State and Federal laws, and this Statement of Financial Policy, which shall be approved by Commissioners' Court and reviewed on an annual basis as part of the budget process.

#### ACCOUNTING, AUDITING, AND FINANCIAL PLANNING

The County Auditor's Office will continue to maintain records on a basis consistent with accepted principles and standards for local government accounting, as determined by GASB and GFOA.

Regular monthly and annual financial reports are issued summarizing financial activity by fund, and department, and comparing actual resources and expenditures with budgeted amounts, as required Local Government Code Sections 114.022, 114.024, 114.025, 111.091 and 111.092.

The Auditor's Office provides monthly reports on the total cost of specific services by type of expenditure and by fund, in accordance with Local Government Code Sections 114.022, 114.024, 114.025, 111.091, and 111.092.

A financial audit will continue to be performed annually by an independent public accounting firm and an official opinion and annual financial report will continue to be published and issued, as authorized by Local Government Code Section 115.031.

Lee County will continue to identify areas for evaluation efforts, by either staff, committees, or consultants, in order to judge the effectiveness and efficiencies of County services.

Cost benefit studies will be conducted, where appropriate and applicable, on non-recurring expenditures and capital projects.

Full disclosure will continue to be provided in the annual financial and budget reports and bond representations, in accordance with Sections 114.025, 111.091, and 111.092 of the Local Government Code.

#### **BUDGETING POLICIES**

Budgetary Basis – The County's budgetary basis and accounting records are maintained on a modified accrual basis and organized and operated on a fund basis in accordance with generally accepted accounting principles. Encumbrance accounting is utilized for materials, goods and services documented by unpaid purchases. Expenditures are recognized at the time of services rendered or products received in a respective fiscal year. The approved annual budget with amendments as approved by the Commissioners' Court is the management control device utilized by the County. Annual appropriated budgets are adopted for the General, Special Revenue, and Debt Service funds. All annual appropriations lapse at fiscal year-end. Any payments in the subsequent fiscal year for prior year encumbrances are recognized as expenditures in the fiscal year in which service occurred or product received.

The County budgets resources on a fiscal year which begins October 1st and ends on the following September 30<sup>th</sup>.

Annual budget requests are distributed to County Departments, and budget workshop sessions are held, for annual budget preparation from June through September of each calendar year. Departments and Elected Officials must return their proposed requests no later than May 31<sup>st</sup> in that year.

The proposed budget shall be filed with the County Clerk no later than August 15<sup>th</sup> each year. The proposed budget will be presented to the Commissioners' Court during the regular or special meeting immediately occurring after the date filed with the County Clerk.

The proposed budget estimate shall be presented in the following format:

Revenue estimates by major item.

Operating and maintenance expenditures by object code, major expense categories, functionally related departments, and program summaries.

Debt Service summarized by issues including principal, interest, and reserve amount by fund.

The proposed budget estimate shall also contain information regarding:

Any additional information, data, or analysis requested of management by the Commissioners' Court.

The proposed budgeted revenues shall be provided by the Auditor's Office including ad valorem taxes, grant revenues, and inter-fund transfers.

The Commissioners' Court shall adopt the budget by Court Order prior to October 1.

The County budgeting procedures attempt to identify distinct functions and activities performed by the County and to allocate budget resources adequate to perform these functions and activities at a specified level of service.

The County will continue to integrate performance measurement and productivity indicators with the budget process where appropriate.

The committed, but not yet received purchases as of September 30<sup>th</sup> are recognized as an expenditure when received in the subsequent fiscal year.

Only the Commissioners' Court shall have authority to transfer expenditure appropriations from any department line item to any other department or non-departmental line item. Transfers of such funds amount to a new appropriation and therefore must be adjusted prior to expenditure of such amounts.

It is preferred to complete a budget amendment request on the 'Line Item Transfer Request' form. However, email budget requests that include the line item #, line description, and the amount transferring to and from accounts are acceptable. An authorized department representative must either sign or confirm by email each amendment request. The request is subject to review by the County Auditor's Office. All transfer requests are submitted to the County Commissioners' Court for final approval.

#### **BUDGET AMENDMENT POLICY**

County Policy allows a Department Head, Appointed or Elected Official or his/her designees to request budget and position amendments throughout the fiscal year.

#### **BUDGET AMENDMENT STATUTE**

Pursuant to Local Government Code Section 111.070, the Commissioners' Court may spend County funds only in strict compliance with the budget. The Commissioners' Court by order may amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure.

#### POSITION AMENDMENTS

Position amendment requests are submitted to the County Auditor's office for review. The County Auditor then submits the request to the Commissioners' Court for approval.

#### **ROUTINE BUDGET AMENDMENTS**

Includes transfer of funds within the maintenance and operations line items within the elected official or department head budget(s). These items can be placed as line item transfers on the Commissioners' Court agenda.

#### NON-ROUTINE BUDGET AMENDMENTS

<u>Inter-Departmental</u> – Any amendment which moves funds from one elected official or department head's budget to another elected official or department heads budget must be presented to Commissioners' Court for consideration and action.

<u>Inter-Fund</u> – Where permitted by law, any amendment which moves funds from one fund to another fund must be presented to Commissioners' Court for consideration and action.

<u>Personnel</u> – Requests to transfer funds from any salary or benefit account are allowed for the specific purpose of salary related expenditures. Budget amendment requests for capital and operating accounts from personnel line items are allowed if there are no other funds available in that department's budget and Commissioners' Court deems it to be necessary.

<u>Capital</u> – Any request for additional capital equipment must be justified and specified in detail with cost estimates. Requests for additional capital items not included in the adopted budgeted or substitution of one item for another also requires approval from Commissioners' Court.

<u>Computers</u> – Any request including computer equipment, software, computer maintenance or technological requests requires written substantiation from the County's IT department when submitting the Budget Transfer / Amendment Request Form to the County Auditor.

Pursuant to Local Government Code, Section 111.014, the Commissioners' Court may authorize a contingency line item. The item must be included in the itemized budget under Section 111.004(a) in the same manner as a project for which an appropriation is established in the budget. Budget amendment(s) may be made against this item during the year to meet unusual or unforeseen conditions that were not included in the original budget through the use of reasonably diligent thought and attention.

Pursuant to Local Government Code, Sections 111.0105 through 111.0108, when revenues not included in the original budget are received, such as proceeds of bonds or other obligations, grant or aid money, revenue form intergovernmental contract, and pledging revenues as security for bonds and other obligations, a budget amendment is required to expend those funds. The adopted County budget will increase however the revenues should exceed or equal the expenditure. This type of amendment must be submitted to Commissioners' Court for consideration and action.

Any transfer that creates an increase in budgetary commitment for the next fiscal year must be presented to Commissioners' Court for consideration and action.

New employee positions cannot be created without Commissioners' Court consideration and action. Creation of a new position within a departmental budget will require the Commissioners Court declare an emergency unless the actual line item under which that new position would be categorized currently exists within that specific budget. New employee requests outside of the budget process must include substantial written justification for the position.

New line items can only be created for Contracts or Grant-based programs. For any other department, the creation of a new line item that has not been previously created for the specific department will require that the Commissioners' Court declare an emergency in order to establish a new line item.

#### **BUDGET PROCEDURES**

Any request for a budget amendment must be justified and submitted to the County Auditor's Office on the specified 'Line Item Transfer Request' form. All requests must be submitted to the County Auditor's Office by Thursday noon in order to be placed on the following Commissioners' Court Agenda. The County Auditor's Office may hold a request that is not complete until clarified with the appropriate department. Scanned copies are acceptable as long as they all are legible.

Budget Amendment transfer authorization may be delegated by the Elected Official or Department Head to other employees. Notification of signature authority must be on file in the County Auditor's Office before requests are accepted. Therefore, the 'Line Item Transfer Request' form must be personally signed by the Elected/Appointed Official who administers the department budget(s) or their designee(s).

The Commissioners' Court reserves the right on a case by case basis, where legally permissible, to curtail a departments' right to make Intra-Departmental Budget Amendments if the amendments appear to be making a programmatic change that was not approved by the Commissioners' Court in budget hearings or if the financial condition of the department and/or the County warrants such a curtailment.

Notification of approved Budget Amendments will be e-mailed to the appropriated department(s) after the amendment is posted. The County Auditor is responsible for posting budget amendments on the financial accounting software once the court order has been approved by the Commissioners' Court.

Any request for placement on the agenda of a budget amendment, past the amendment deadlines, request a separate memo from the requesting department stating the urgency of the request.

#### **REVENUE & TRANSFER POLICIES**

Lee County will maintain a diversified and stable revenue system to shelter it from short-term fluctuations in any one revenue source by doing the following:

- Establishing user charges and fees as permitted by law at a level related to the cost of providing that service including indirect costs.
- Pursuing legislative change, where necessary, to permit increases in user charges and fee.
- Aggressively collecting property tax revenues, including the filing of suit where appropriate and necessary, as authorized by the Texas Property Tax Code.

Lee County will pay for all current expenditures with current resources as required by Article 111.091-111.092 of the Revised Statutes of Texas.

Budgeted transfers of monies between funds will only be accomplished with approval of the Commissioners' Court.

The County will support the majority of operations of the road and bridge precincts from the vehicle registration fee authorized by the Texas Legislature, and special road property taxes.

#### **CONTINGENCY FUND POLICIES**

The County will maintain an unappropriated contingency to provide for small increases in service delivery costs as well as unanticipated needs that may arise throughout the year.

THEREFORE, IT WILL BE NECESSARY FOR OFFICALS AND DEPARTMENT HEADS TO REVIEW AND CONTROL EXPENDITURES SUCH THAT THE RATE OF EXPENDITURE DOES NOT EXCEED THE APPROVED BUDGET.

Cases of anticipated material deviation should be covered by a request for a budget amendment. This request shall be from the Department Head in writing and include justification for such action. Such requests should be submitted to the County Auditor's Office for initial review, they will then process the request and forward to Commissioners' Court for their consideration and approval.

#### PERSONNEL POLICY

The number of employees on the payroll shall not exceed the total number of positions approved unless authorized by Commissioners' Court. All personnel actions shall at all times be in strict conformance with applicable federal, state, and county policies.

Deletion and downgrades of positions may occur at any time during the fiscal year at the department head or elected official's request or if a review of workload statistics indicates that a reduction in force is practical in a department. Reductions in elected official's budgeted positions will only be accomplished with their approval after the budget is adopted.

Additions, position reclassifications, reorganizations, and equity adjustments must be presented with the initial budget request. Exceptions to this policy will only be allowed with Commissioners' Court approval. The Commissioners' Court may institute a freeze during the fiscal year on hiring, promotions, transfers, and capital equipment purchases. Such action will be used arbitrarily and will allow for exceptions in appropriate areas to comply and emergency needs such as natural disasters and/or loss of major revenue source.

#### FIXED ASSET POLICY

All purchases of physical assets with a value of \$5,000 (five thousand dollars) shall be capitalized by the County.

The County will maintain these assets at a level adequate to protect the County's capital investment and to minimize future maintenance and replacement costs by:

• Providing for adequate maintenance of capital equipment and equipment replacement under the above stated amount in the annual operating budget.

Capital expenditures for projects and equipment are budgeted by line item and must be spent accordingly.

Where possible, items in useable condition placed in surplus will be used:

- To supplement expenditure for new, budgeted capital purchases.
- To supplement expenditure for replacement/budgeted capital purchases.
- To supply needed unbudgeted new and replacement equipment.

Sale of surplus or salvage property shall be followed pursuant to Local Government Code Chapter 263, Subchapter D.

#### **DEBT MANAGEMENT POLICIES**

Lee County recognizes the foundation of any well-managed debt program is a comprehensive debt policy. A debt policy sets forth the parameters for issuing debt and managing outstanding debt, and it provides guidance to decision makers regarding the timing and purposes for which debt may be issued, types and amounts of permissible debt, method of sale that may be used and structural features that may be incorporated.

#### **POLICY SUMMARY**

Lee County will adhere to the following specific policy statements with regards to (1) conditions for debt issuance; (2) restrictions on debt issuance; (3) debt service limitations; (4) limitations on outstanding debt; (5) debt structure; (6) the debt issuance process; and (7) debt maintenance procedures.

Conditions for debt issuance – The County will consider the use of debt financing only for one-time capital improvement projects. Long-term borrowing will not be used to finance current operations or normal maintenance. Debt financing may include general obligation bonds, revenue bonds, certificate of obligation, certificates of participation, tax notes, lease/purchase agreements, and other obligations permitted to be issued or incurred under Texas law. The County shall consider refunding outstanding bonds if one or more of the following conditions exist: (1) present value savings are at least 3% with certain exceptions, of the

par amount of the refunding bonds; (2) the bonds to be refunded have restrictive or outdated covenants; or (3) restructuring debt is deemed to be desirable.

**Restrictions on debt issuance -** Proceeds from long-term debt will not be used for current ongoing operations.

**Debt Service Limitations** – In evaluating debt capacity, general-purpose annual debt service payment should generally not exceed 20% of the County's total budgeted expenditures for all funds.

**Limitations on Outstanding Debt** - As provided in the Constitution of the State of Texas, the Net Bonded Debt of Lee County shall not exceed twenty-five percent (25%) of the net value of the taxable real property of the County.

Characteristic of Debt Structure – The County will design the repayment of its overall debt so as to recapture rapidly its credit capacity for future use. The scheduled maturity of individual debt issued shall not exceed the expected useful life of the capital project of asset(s) financed. Also, the County shall consider purchasing bond insurance for debt issues when the present value of the estimated debt service savings from insurance (to be derived)) is equal to or greater than the insurance premium.

**Debt Issuance Process** – The County shall use a competitive bidding process in the sale of debt unless market conditions the nature of the issue, such as refunding bonds, warrants a negotiated sale. The County will employ outside financial specialists, including financial advisors and bond counsel, to assist it in developing a bond issuance strategy, preparing bond documents and marketing bonds to investors.

**Debt Maintenance Responsibilities** – The County will seek to maintain and, if possible, improve current bond ratings to minimize borrowing costs and preserve access to credit. Lee County will adhere to a policy of full public disclosure with regard to the issuance of debt, and the County will meet all requirements for continuing disclosure on debt of the County.

#### BONDED DEBT COMPLIANCE MANAGEMENT POLICY

Lee County acknowledges and will abide by any federal or state law regarding tax-exempt bonds.

#### **POLICY SUMMARY**

Lee County will adhere to the following specific policy statement with regards (1) separate record keeping per bond issuance; (2) not mingling bond issuance money; (3) the use of bond proceeds only for their approved purposes; (4) the intent to use bond funds within three (3) years of issuance; (5) meeting postissue reporting requirements; (6) keeping interest earning with bond principal or debt service; (7) maintaining an interest and sinking fund for all tax-exempt debt; and (8) maintaining the tax-exempt status of all outstanding bonded debt of the County.

**Separate Accounting** – Lee County will keep separate financial records of each bond issuance. A construction fund will be maintained for each bond issuance in the County's general ledger, the fund will be accounted for separately from all other funds of the County, and the fund will be used solely to pay costs of the projects for which the debt obligations were issued.

**Not Mingling Bond Funds** – Bond proceeds will not be co-mingled with any other County funds.

**Approved Purposes** – Bond proceeds will only be used for allowable purposes as specified by bond election and bond order authorizing the issuance of the bonds.

**Intent to Use within Three Years of Issuance** – Lee County intends to use bond proceeds for their approved purposes within three (3) years of their issuance.

**Post-Issue Reporting Requirements** – The County will adhere to all reporting requirements and deadlines that are applicable to tax exempt bonds. Specifically, Lee County will comply with the requirements of Securities and Exchange Commission Rule 15c2-12 which requires the filing of annual financial reports and other financial data and the filing of any required material events notices with each agency designated as an information repository. Lee County will also comply with US Treasury Regulation Section 148 which requires the computation and payment of any arbitrage rebate owed no less frequent than five (5) years after issuing any tax-free debt.

**Interest Earned Remains with Principal or Debt Service** – Interest earned on bond proceeds will remain with the bond principal and will be used only to pay any cost overruns on approved projects, to fund new projects meeting the usage criteria in the original bond indentures, or it will be specified to go towards the payment of Debt Service.

**Interest and Sinking Fund** – Lee County will levy a tax on all taxable property in the County to pay principal of and interest on bonds or debt instruments issued. Amounts collected from the tax levied will be deposited to the credit of the Interest and Sinking Fund maintained in the accounting records of the County. Lee County will maintain its Interest and Sinking Fund in a manner to a proper matching of revenues and debt service payments on its debt issues. Specifically, the Interest and Sinking fund will be depleted at least once each bond year to the amount of the allowable carryover, all amounts deposited to the fund will be expended within twelve months of receipt, and all amounts received from the investment of the fund will be deposited to the fund and expended within twelve months.

Maintenance of Tax-Exempt Status – Lee County shall not use, permit the use, or omit the use of gross proceeds of any debt issuance in a manner which if allowed or omitted would cause the interest on any bond or debt instrument of the County to become includable in the gross income of the owner of the bond for federal income tax purposes. The County specifically will comply with bond covenants which prohibit: (1) private use or private payments of assets constructed or acquired with debt proceeds; 2) private loans of bond proceeds to any person other than a state or local government; (3) investment of bond proceeds in any investment with a yield that exceeds that of the bonds; (4) taking any actions that would cause the bonds to be federally guaranteed within the meaning of section 149(b) of the Internal Revenue Code; and (5) taking any unauthorized action having the effect of diverting arbitrage profits from payment to the US Treasury, Lee County will maintain its financial records until three (3) years after final payment of all bonds to show compliance with federal and state laws regarding tax-exempt debt.

#### **INVESTMENT AND CASH MANAGEMENT**

The Treasurer's Office will continue to collect, disburse, and deposit all funds on a schedule which ensures optimum cash availability, in accordance with Article 113.043, 113.065, 113.901, 113.001-005, 113.021-024, and 113.041-047.

The County Treasurer shall handle all original reconciliation of County bank accounts with the Depository Bank and shall resolve any financial difference between County and the Depository Bank.

The County Treasurer is the Investment Officer of the County as authorized by the Commissioners' Court and shall invest the funds of Lee County to achieve the highest and best yield pursuant to the Lee County Investment Policy.

Lee County shall maintain a written County Investment Policy, as approved by the Commissioners' Court, to achieve the highest and best yield, while at the same time, maintaining the security and integrity of said funds.

The County Treasurer will maintain an original copy of all security and/or surety pledges made by the Depository Bank in behalf of County funds.

The County Treasurer will maintain an original copy of all security advice for all County investment transactions.

The County Treasurer shall submit a quarterly investment report to the Lee County Commissioner's Court. There shall be a County Investment Committee, consisting of the County Treasurer, County Auditor, County Attorney, and a Commissioner appointed by the Lee County Commissioners' Court.

Lee County conducts its treasury activities with financial institution(s) based upon written contracts which specify compensating balances, service charges, term, and other conditions as authorized by the Local Government Code inclusive of the Revised Statutes of Texas.

#### GENERAL FUND UNRESERVED FUND BALANCE POLICY

It is essential that governments maintain adequate levels of fund balance to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures) and to ensure stable tax rates. Fund balance levels are a crucial consideration, too, in long-term financial planning. In most cases, discussions of fund balance will properly focus on a government's general fund.

Credit rating agencies carefully monitor levels of fund balance and unreserved fund balance in a government's general fund to evaluate a government's continued creditworthiness. Likewise, laws and regulations often govern appropriate levels of fund balance and unreserved fund balance for state and local governments.

The Governmental Accounting Standards Board (GASB) released Statement 54, "Fund Balance Reporting and Governmental Fund Type Definitions". This Statement is intended to improve the usefulness of the amount reported in fund balance by providing more structured classifications.

The purpose of this policy is to establish operating and reporting guidelines for the fund balances of the governmental funds for Lee County, Texas.

The County governmental-fund financial statements will present fund balances classified in a hierarchy based on the strength of the constraints governing how those balances can be spent. These classifications are listed below in descending order of restrictiveness:

**Non-spendable Fund Balance**: This classification includes amounts that cannot be spent because they: (a) are not in spendable form (e.g., inventories and prepaid items); (b) are expected to be converted into cash within the current period or at all (e.g., long-term receivables); or (c) are legally or contractually required to be maintained intact (e.g., the non-spendable corpus of an endowment).

**Restricted Fund Balance**: This classification includes amounts subject to usage constraints that have either been: (a) externally imposed by creditors (e.g., through a debt covenant), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

**Committed Fund Balance**: This classification includes amounts that are constrained to use for specific purposes pursuant to formal action of Commissioners' Court. These amounts cannot be used for other purposes unless the Court removes or changes the constraints via the same type of action used to initially commit them.

Assigned Fund Balance: This classification includes amounts intended by the County for use for a specific purpose, but which do not qualify for classification as either restricted or committed. The intent can be expressed by Commissioners' Court or by a Court designee (e.g., County Auditor). This classification applies to the positive unrestricted and uncommitted fund balances of all governmental funds except the General Fund.

**Unassigned Fund Balance**: This classification applies to the residual fund balance of the General Fund and to any deficit fund balances of other governmental funds.

**Order of Spending**: Where appropriate, County will typically use restricted, committed, and/or assigned fund balances, in that order, prior to using unassigned resources, but it reserves the right to deviate from this general strategy.

Minimum Fund Balance: County generally aims to maintain the following minimum fund balance:

General Fund: Unassigned fund balance of approximately 2.5 to 4.5 months of budgeted expenditures for the fiscal year, to be used for unanticipated needs.

- 1. A commitment of fund balance requires formal action as to purpose but not as to amount; the latter may be determined and ratified by the Court at a later date. This is often important near year-end, when a purpose or need is known but a cost is not.
- 2. An assignment of fund balance implies intent of the Commissioners' Court, but operationally, the ability to implement the intent may be delegated to one or more persons.

#### **PROCEDURES**

A goal of each year's budgeting process will be to adopt a budget that maintains compliance with the stated General fund unreserved fund balance policy.

Specific County financial conditions, economic conditions, or special initiatives may be considered reasons for temporary non-compliance with this policy.

In the event of either planned or unplanned non-compliance, it is the County's intention to take action during the annual budget process to reach compliance with two (2) annual budget cycles.

Actions in the budget process available to increase the unreserved General Fund balance may include increasing taxes, decreasing spending in specific areas, dedicating one-time revenues to fund reserves, or making transfers of excess fund balances from other funds.

In the event that the level of unreserved General Fund balance is judged to be in excess of the amount required by this policy, amounts over that required may be used to fund one-time, non-recurring expenditures such as acquisition of capital items. Excess fund balances generally should not be used to fund recurring operating expenditures.

#### CAPITAL BUDGET IMPACT ON OPERATING BUDGET

All Capital Improvement Program requests must include the operating budget impact of the request including but not limited to additional staffing, operating expenses as well as any cost savings anticipated if the request is approved and funded.

A Capital Improvement request form must be submitted with the overall capital project justification and operating expenses data. Projects without sufficient data will not be considered.

Operating expenses for capital projects will be funded on a pay-as-you-go basis for annual, recurring maintenance type expenses.

#### INTERNAL GUIDELINES FOR MANAGEMENT OF FEDERAL AND/OR STATE FUNDS

All costs charged by the County must be necessary, reasonable, allowable, and allocable to all Federal and/or State grant programs received administered by the County. The County must assure that all costs are appropriate and eligible including but not limited to the following areas of concern:

- Administrative requirements Including duplication of benefits requirements, provisions related to charging pre-award costs, conflict of interest, reporting fraud, and distinction between agencies/government components, contractors, developers, and beneficiaries;
- Recordkeeping and Reporting requirements Including records retention and financial reporting requirements;
- Procurement requirements Including requirements related to bonding, insurance, suspension, and debarment:
- Contract conditions;
- Force Account Including requirements for tracking, documenting, and charging personnel costs and applicable fringe benefits and classification, purchasing, tracking, insuring, and disposing of equipment, supplies, and federally purchased tangible and intangible property;
- Contract amendments;
- Contract closeout;
- Monitoring and Quality Assurance Including requirements related to preventing fraud, waste, and abuse:
- Audit Including Single Audit or program-specific audit requirements

The following is a list of key federal and state regulations governing financial management of grant programs:

- 24 CFR § 570 Subpart I- governs the state CDBG-DR program;
- 2 CFR § 200, including all of Subpart E Cost Principles;
- Uniform Grant Management Standards (UGMS) Texas Comptroller of Public Accounts and guidance under 2 CFR § 200;
- Texas Local Government Code Chapter 171

It is the County's responsibility to be knowledgeable and compliant with these requirements to ensure the appropriate, effective, timely, and eligible use of all funds related to Federal and/or State Programs. The County is responsible for monitoring vendors and projects and compliance with applicable financial management standards, for processing payment requests for funds, and for audit review.

A cost objective is a pool of related costs, which could be related based on the County's department's function, eligibility, activity, agreement with State and/or Federal agencies or any other basis. The term is used to capture a variety of scenarios in which costs may be categorized for purposes of cost allocation or eligibility determinations.

Per 24 CFR § 570.502, through established budgets and accounting records, the County is responsible for ensuring all Federal and/or State expenditures are authorized in an approved, documented budget and do not exceed the total budget amount and do not exceed the amount in the County's grant agreement(s).

The County will use one of two general methods available to draw federal and/or state grant funds to pay for project and vendor costs: the reimbursement method and the cash advance method.

- The reimbursement method entails a transfer of grant funds to the County based on actual expenditures already incurred by the County before it requests a draw;
- The cash advance method entails the transfer of grant funds from the federal and/or state agency based upon the County's received invoices before the actual cash disbursements have been made by the County.

When required by a grant, the County will ensure that all received grant funding is held in an insured, interest-bearing account if the cash advance basis process option is used (2 CFR § 200.305(b)). Distinct accounting information for each grant is created. Accurate records of encumbrances/obligations against distinct line items within each grant for vendor contracts are made. Accurate records on grant awards, unobligated balances, assets, liabilities, expenditures, program income (if any) and applicable interest are kept and supported by sources documentation, including vendor contracts, invoices, and purchase orders.

Pursuant to 2 CFR § 200.302(a), the County's financial management systems, including records documenting compliance with Federal statutes, regulations, and the terms and conditions of the Federal award, are sufficient to permit the preparation of reports required to demonstrate compliance with general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the Federal statutes, regulations, and the terms and conditions of the County's State and/or Federal grant agreement(s).

Lee County through its annual audit process has proven effective control over, and accountability for, all funds, property, and other assets in its possession. The County makes every effort to adequately safeguard all assets and assure that they are used solely for their intended purpose.

Financial Records for all Federal and/or State grant programs include the following:

- Transaction registry documenting:
  - o All invoices associated with each Request for Payment; and
  - o Source of funds for each invoice (grant funds by activity, matching funds, and/or other funds)
- Source documentation, including the following:
  - o Copies of Requests for Payment;
  - o Addendum record of direct deposit payments;
  - o Verification of deposits;
  - o Monthly bank statements
  - o Check register/transaction ledger;
  - o Employee time sheets (as applicable);
  - o Equipment time record sheets (as applicable);
  - o Property inventory;

- o Purchase orders, invoices, and contractor requests for payments;
- o Electronic Transfer Form (EFT);
- o All original source documents

The County for each grant agreement received, establishes Responsible Persons. Through resolution, the County identifies the Responsible Persons (at least 2, preferably 4 by job title) responsible for both contractual documents (executed County agreement(s), associated amendments, and various program certifications) and financial documents (requests for payment, issuance of check).

The County, where allowable by the Federal and/or State funding program, will authorize direct deposit to receive payments from the agency(ies) to post directly to the County's local bank account.

The County will ensure that there exists staff and contractor capacity necessary to manage all grant funds under its control. The County may procure a Grant administrator to assist with management of grant compliance, subject to 2 CFR 200 procurement guidelines and requirements.

Eligible/Allowable Costs: All costs charged to the County's grant agreement(s) will be deemed eligible as identified in each Grantor's agreement/implementation manual. Eligible costs are those that conform to the federal/state requirements, including limitations and waivers described in applicable Federal Register Notices, comply with federal cost principles, and align with all associated cross-cutting federal requirements (Davis Bacons and Related Acts, Environmental requirements, etc.) and State and Local law.

The County will assure pursuant to 2 CFR § 200.403, costs meet the following general criteria to be allowable as a charge against any Federal award:

- Costs must be necessary and reasonable for the performance of the Federal award and be allocable to that award and not to a different award;
- Costs must conform to any limitations or exclusions set forth in 2 CFR § 200 or in the Federal award as to types or amount of cost items;
- Costs must be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the County;
- Costs must be accorded consistent treatment;
  - o A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost:
- Costs must be determined in accordance with generally accepted accounting principles (GAAP);
- Costs must be adequately documented

Reasonable Costs (2 CFR § 200.404): A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. In determining reasonableness of a given cost, consideration will be given to:

- Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the County or the proper and efficient performance of the State and/or Federal award;
- The restraints or requirements imposed by such factors as: sound business practices; arm's-length bargaining; Federal, state, local, and other laws and regulations; and terms and conditions of the State and/or Federal award;
- Market prices for comparable goods or services for the geographic area;

- Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities to the County, its employees, the public at large, the State Government and/or Federal Government;
- Whether the County significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the cost

The County will ensure that all grant reimbursement requests meet the definition of Allocable Costs (2 CFR § 200.405 and § 200.406) A cost is allocable to a particular grant, County agreement, vendor contract, program or other cost objective if the goods or services involved are chargeable or assignable to that cost objective in accordance with relative benefits received. This standard is met if the cost:

- Is incurred specifically for that cost objective;
- Benefits both that cost objective and other work of the County and can be distributed in proportions that may be approximated using reasonable methods; and
- Is necessary to the overall operation of the County and is assignable in part to the specified cost objective in accordance with 2 CFR § 200.

Any cost allocable to a particular cost objective may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. However, this prohibition would not preclude the County from shifting costs that are allowable under two or more cost objectives in accordance with existing Federal statutes, regulations, or the terms and conditions of the Federal awards.

If a cost benefits two or more projects or activities in proportions that can be determined without undue effort or cost, the cost must be allocated to the projects based on the proportional benefit. If a cost benefits two or more projects or activities in proportions that cannot be determined because of the interrelationship of the work involved, then the costs may be allocated or transferred to benefitted projects on any reasonable documented basis. Costs should only be charged net of all applicable credits. Applicable credits refer to those receipts or reduction-of-expenditure-type transactions that offset or reduce expense items allocable to the cost objective. Examples include:

- Purchase discounts;
- Rebates or allowances:
- Recoveries or indemnities on losses;
- Insurance refunds or rebates: and
- Adjustments of overpayments or erroneous charges

To the extent that such credits accruing to or received by the County relate to allowable costs, they must be credited to the State and/or Federal award either as a cost reduction or cash refund, as appropriate. These credits do not constitute program income.

The County will submit a draw request for eligible costs as often as is needed, subject to limitations in grant agreements and at least quarterly throughout the life of a project. The County will submit costs to a Grantor for draw within 60 days of receipt of invoices as allowable. The County will ensure Draw requests are submitted timely to the granting agencies.

Pursuant to 24 CFR § 570.489(c), 2 CFR § 200.305(b), and 31 CFR § 205, the County will only use the cash advance method when the period elapsing between receipt/deposit of funds and disbursement for eligible costs is permitted by the grant agreement to exceed 30 or more days.

#### **INTERNAL CONTROLS POLICY AND PROCEDURES**

The County is in continual process of establishing written policies and procedures for internal controls and guidance documentation for responsible financial management of federal and/or state funds. Per 2 CFR § 200.303 Lee County must:

- (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- (b) Comply with the U.S. Constitution, Federal statutes, regulations, and the terms and conditions of the Federal awards.
- (c) Evaluate and monitor the non-Federal entity's compliance with statutes, regulations and the terms and conditions of Federal awards.
- (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, State, local, and tribal laws regarding privacy and responsibility over confidentiality.

In addition to the Code of Federal Regulations guidance of internal controls, Lee County follows provisions for Management of County Money pursuant to Local Government Code, Chapter 113. For disbursement of money:

The County Treasurer shall disburse the money belonging to the County and shall pay and apply the money as required by law and as the Commissioners' Court may require or direct, not inconsistent with law.

Except as provided by Local Government Code Chapter 156, a person may not spend or withdraw money from the county treasury except by a check or order for payment drawn on the county treasury, whether or not the money is in a county depository as required by law.

The County Treasurer may not disburse money out of the county treasury without an order for payment from an officer who is authorized by law to issue the order.

If the County Treasurer doubts the legality or propriety of an order presented to the Treasurer for payment, the Treasurer may not make the payment. The Treasurer shall report the matter to the Commissioners' Court for the court's consideration and direction. The Treasurer may require that the claim supporting the order be made available and verified by an affidavit after the claim is approved for payment by the Commissioners' Court.

If the County Treasurer is satisfied that an original check or other order drawn on the county treasury by a proper authority is lost or destroyed, the Treasurer may issue a duplicate instrument in place of the original. The Treasurer may not issue a duplicate until an applicant has filed an affidavit with the

Treasurer that states that the applicant is the true owner of the original instrument and that, to the best knowledge and belief of the applicant, the original is lost or destroyed.

All claims must be approved by Commissioners' Court before the Treasurer disburses claim payments pursuant to the Local Government Code.

The County Treasurer and the County Depository may not pay a check or order for payment unless it is countersigned by the County Auditor. Both the Treasurer's and the Auditor's signatures are automatically printed when the checks are created. The County Auditor's office then validates the checks to make sure they are a properly associated with valid claims approved in Commissioners' Court. This does not apply to a check or order for jury service or for restitution collected on behalf of an individual as authorized by law.

With respect to applying the separation of duties to disbursements, no one person has complete control over every phase of a significant transaction. For example, a department head or official submits a claim or order for payment to the County Treasurer. The Treasurer enters the claim in the accounts payable register and then submits the claim to the County Auditor for approval. The Auditor then examines and approves the claim. Thereafter, the Treasurer presents the claim to Commissioners' Court for approval. After receiving approval from the Commissioners' Court, the Treasurer then issues a check for payment. The check requires both the Treasurers' and County Auditor's signature.

In addition to disbursing County funds, pursuant to Local Government Code 113.008, the County Treasurer shall also reconcile all balances and transactions for each treasury account in the county depository's statement of activity to the transactions shown in the Treasurer's records. Given both the limited amount of County financial resources for personnel and meeting the Local Government Code statutory requirements, the Treasurers' office does not completely fulfill the prescribed separation of duties recommended for issuing checks and reconciling bank statements. This means a person issuing checks may also reconcile the bank statements.

Payroll is processed in the Lee County Treasurer's office. Therefore, any one person in the Treasurer's office may issue checks for grant expenses and also may also have duties assigned to process payroll and print paychecks. The process for paying grant expense claims are separated among multiple individuals and departments of the County.

Note: (#) or negative number = credit balance or credit applied to account. A debit balance or debit applied is a positive #. Income accounts have credit balances and expenditure accounts have debit balances. A debit reduces an income balance and a credit increases it. A debit increases an expenditure balance and a credit reduces it.
